Cookies and Tracking Technologies Notice

1. Introduction

This Cookies and Tracking Technologies Notice explains what tracking technologies are and how we use them on our website. You should read this Notice to understand the tracking technologies we use, the information we collect, and how they are used. For more details on how We use, store, and keep your data secure, see our Privacy Notice: https://www.archerprotect.com/privacy-policy.pdf. We do not store sensitive personal information in the Cookies We use.

2. Interpretation and definitions

The words with capitalised letters have their meaning defined below. The following definitions shall have the same meaning regardless of whether they appear in singular or plural. For this Notice:

- "We", "Us", or "Our" means Archer Protect.
- "Website" refers to https://www.archerprotect.com/
- "You" means the individual accessing or using the website.

3. What are tracking technologies?

Tracking technologies, including cookies, web beacons, pixel tags, and scripts, are employed by websites and applications to collect user data. This data is used to personalise experiences, target advertisements, analyse traffic, manage content, store searches, detect fraud, and improve service functionalities.

4. The type of tracking technology we use

This website uses cookies and may load limited resources from trusted third-party services for specific functionality purposes, such as error monitoring, font rendering, and consent management.

5. Cookies

Cookies are small files placed on your device by websites to record your browsing history. They usually do not contain personal identification but can be linked to your stored personal data. We use the following cookies on our website:
